

Hästens Eala

1. Hästens Eala BJX Luxury Top Mattress

Natural air conditioning

- * 2 layers of bolster fabric of durable virgin cotton
- * 2 layers of cotton and wool
- * 2 layers of hand-teased A-lyx horsetail hair
- * 1 layer of cotton and wool

2. Hästens Eala Middle Mattress

The unique layer-upon-layer technology transports moisture away efficiently

- * 2 layers of bolster fabric of durable virgin cotton
- * 2 layers of hand teased J horsetail hair
- * 8 layers of cotton and wool
- * 1 pocket spring system, 15cm high, with springs that act individually and never hook into each other
- * 4 reinforced corner springs (covered in soft flax), to ensure both comfort and stability when you sit on the edge of the bed
- * Reinforced edge springs along all sides, to prevent you from rolling out of the bed and to make it easier to get up
- * Meticulously placed side-stitching, which increases both stability and pliability
- * 4 robust handles on the long sides to make it easy to turn the mattress

3. Hästens Eala Base

The Bonnell spring system give extra support

- * 1 layer of bolster fabric of durable virgin cotton
- * 1 layer of cotton and wool
- * 2 layers of flax that provide sound insulation and conduct static electricity away
- * 1 Bonnell spring system, 13cm high, with machine-knotted coil springs
- * 1 frame in solid, slow growing Swedish pine with finger joints, 9.2cm high
- * 1 layer of cotton lining that protects the bed from below
- * Minimum 4 sturdy legs, recessed to prevent you from stubbing your toes
