## 2. Hästens Excel Base

Double spring system and multiple layers of natural materials

- \* 1 layer of bolster fabric of durable virgin cotton
- \* 2 layers of cotton and wool
- \* 1 layer of hand-teased horsetail hair
- \* 1 pocket spring system, 13 cm high, with springs that act individually and never hook into each other
- \* 4 x Reinforced corner springs (covered in soft flax), to ensure both comfort and stability when you sit on the edge
- \* Reinforced edge springs along all sides, to prevent you from rolling out of the bed and to make it easier to get up
- \* 2 layers of flax that provide sound insulation and conduct static electricity away
- \* 1 Bonnell spring system, 13cm high, with machine-knotted coil springs
- \* 1 frame in solid, slow growing Swedish pine with finger joints, 16.8cm high
- \* 1 layer of cotton lining that protects the bed from below
- \* Minimum 4 sturdy legs, recessed to prevent you from stubbing your toes
